EDUCATION

Master of Computer Application   2022 – 2024
Kamla Nehru Institute of Technology   Sultanpur, U.P
CGPA: 8.4

Bachelor's in Science   2018 – 2021
M.J.P Rohilkhand University   Moradabad, U.P
Percentage: 60.52%

Intermediate   2018
S.D.M Inter College   Moradabad, U.P
Percentage: 85.60%

Highschool   2016
S.D.M Inter College   Moradabad, U.P
Percentage: 85.83%

EXPERIENCE

Web Developer Intern | CodSoft 🔗
Remote | September 2023 - October 2023
- Designed and coded a responsive **personalized portfolio website** with about, skill, project, and contact section.
- Developed an interactive fully **functional calculator** application using a combination of HTML, CSS, and JavaScript. Supported essential arithmetic operations (addition, subtraction, multiplication, division).
- Expertly crafted a responsive **landing page** for a shoe reselling company with HTML and CSS to enhance user engagement and provide an exceptional browsing experience.
- Led front-end improvements, enhancing UI, cutting loading times by 20%. Troubleshooted 30+ code issues, enhancing system functionality and user experience.

PROJECTS

KNIT-KART 🔗
ReactJS, Tailwind CSS, Express.js, MongoDB
- Collaborated on a collegiate team initiative to develop a **web application for item exchange**, allowing users to trade unused items for useful ones, thereby promoting sustainability and community sharing.
- Demonstrated front-end development proficiency by utilizing modern tools like **React.js** and **Tailwind CSS**, creating a responsive and intuitive user interface that enhances user engagement.
- Coordinated with backend developers to integrate Node.js and Express.js APIs, ensuring smooth data transactions with MongoDB for reliable and secure data management.

LearnLite 🔗
ReactJS, CSS Modules, MongoDB
- Participated in a collegiate team initiative to develop a **study platform**, facilitating student access to educational articles and quizzes in multiple programming languages, enhancing comprehension and learning flexibility.
- Demonstrated front-end programming proficiency by utilizing cutting-edge tools like **React.js** and **CSS modules** and securely stored user account data using MongoDB, ensuring a smooth user experience and strong security.
- Designed and implemented responsive user interfaces, ensuring optimal user experience across various devices and screen sizes.

Hashblog 🔗
ReactJS, Tailwind CSS, Appwrite
- Developed a feature-rich blog application using **React, Tailwind CSS,** and **Appwrite**, enabling user authentication, account creation, and blog creation/editing functionalities.
- Integrated React Redux for efficient state management and React Router for seamless navigation, ensuring a smooth and responsive user experience.
- Demonstrated proficiency in front-end development by leveraging modern technologies to create an interactive and user-friendly blogging platform with enhanced user engagement and functionality.

SKILLS

- Languages: C++, Java
- Others: Data Structure and Algorithm, OOPs, MySQL
- Frontend: HTML, CSS, JavaScript, ReactJS, Tailwind CSS
- Tools: Git, GitHub, VS code, Canva

CERTIFICATES / ACHIEVEMENTS

- OOPs in C++ - Coding Ninja 🔗
- Tailwind CSS - Mind Luster 🔗
- JavaScript(Basic) - HackerRank 🔗
- Solved 200+ questions on various coding platforms
- Under 180 institute rank on GFG out of 1960 registered geeks
